Legislative Watch

1. SB 115 – Would roll back parts of the minimum wage law that Arkansas just passed. Call your Senator to oppose.

2. SB 211 – This is the Governor's tax cut for the rich. 70% of the funds will go to those earning over \$456k per year. Another 20% will go to those making \$205k to \$456k per year by decreasing the top marginal tax rate. The plan will increase taxes on 200,000 middle income Arkansans. The governor says this tax cut will not cut services, but you better believe this \$150 million budget cut will negatively impact our schools, higher ed, prisons, and health care. (Source: Arkansas Times) Call your senator to oppose.
